Vector

Image

White (DeviceN - 0K)
CMYK RED (100M100Y)

White (DeviceN - 0C0M0Y0K)
CMYK RED (100M100Y)

a + b: must be rendered to solid Red rectangles
White X means, that OP is not honored (or image was converted to DeviceCMYK for b)

c + d: must be rendered to solid White rectangles
c: X means, that color space might have been converted to DeviceCMYK upfront (OPM 1)
d: colored X means, that 0% Channels might have been ignored or color was converted
